Chasity,

The state of Arizona including Maricopa County (Phoenix) now accepts ALT-152A. We are currently waiting for a written acceptance from Pima County (Tucson area). I have changed the VR state acceptance list to reflect this latest change.

Chasity Miranda

Chasity,

I just spoke with the head Air Quality Inspector Rob Verville, and he said that they do accept VR training, state wide. Not sure if you wanted to give him a call and get confirmation.
