

HOW DO SMOKE SCHOOLS REALLY "STACK" UP?

At Compliance Assurance Associates, Inc., (CAA), we want you to understand the elements of a superior smoke school and the specific differences between CAA and its competitors. Beyond simple statements with check marks, we explain the importance of choosing a smoke school that ensures staff expertise, testing integrity, convenience, and ongoing support by expert staff.

EXPERTISE, COMMITMENT, & SUPPORT

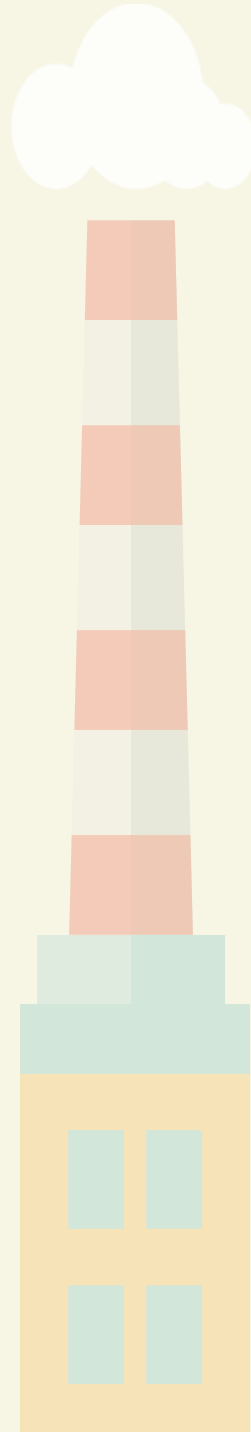

CAA staff include seasoned and science-based experts:

- Our company focuses on one thing: opacity.
- Staff with over 60 years combined experience.
- VEO experts who understand the science and principles behind opacity readings.
- Professional staff for VEO readings, audits, and litigation.
- Meticulous equipment maintenance resulting in consistently stable smoke.
- Real-time audits on site to maintain quality of data and operations.

LECTURE AND FIELD OPERATIONS

CAA runs the most efficient smoke school in the industry:

- Lecture certifications comply with Method 9 and are complete, comprehensive, and concise.
- Smoke generator control rooms are on trailers for a quick setup.
- Field proctor always present to ensure student accountability.
- Practice runs to ensure competency.
- Built-in equipment redundancy to avoid class delays.
- Digital chart recording provides instantaneous backup of run records.

METHOD 9 CERTIFICATION ADMINISTRATION

Method 9 certification administration is on line and available 24/7:

- Certificates emailed directly to students and managers within hours of class.
- Certification records available almost immediately and are on line 24/7.
- Paper records are kept for at least 10 years.
- Up to 3 email reminders are sent to students and managers to avoid certification lapse.
- On line registration.
- VEO-APP available for managing opacity readings, Title V requirements, and certification tracking.

EXCLUSIVE TECHNOLOGY & CONVENIENCE

CAA is the ONLY smoke school to provide an on line, central resource for your visible emission observation (VEO) needs.

ASK OTHER SMOKE SCHOOLS IF THEY OFFER:

- Immediate certification proof.
- On line training and certification administration.
- A guaranteed field proctor at every class.
- Set up in one hour.
- A visible emissions app to streamline Title V requirements and coordinate certification.
